

JAX FELDER

jaxfelder04@gmail.com | 2404350990 | Laurel, MD 20707

Professional Summary

Motivated and technically driven Computer Information Systems student with hands-on experience in IT support, cloud computing, networking, and system troubleshooting. Experienced working with AWS cloud services, Linux environments, hardware diagnostics, and network analysis tools including Wireshark, Snort, and Suricata. Proven ability to troubleshoot technical issues, support operations in fast-paced environments, and communicate effectively with users and teams. AWS Certified Cloud Practitioner seeking an entry-level IT Support, Cloud Support, Help Desk, or Infrastructure role.

Education

Stevenson University | Owings Mills, MD | Expected in 05/2026

Bachelor of Science: Computer Information Systems

GPA: 3.8

AWS Cloud Practitioner Certification, 08/24

Lancaster Bible College | Lancaster, PA | Expected in 05/2026

Bachelor of Science: Business Administration

- Honors & Scholarships: Dean's List, Academic Scholarship Recipient, Christian School Scholarship Recipient, Vice President Scholarship Recipient
- GPA: 3.7

Technical Skills

- **Operating Systems:** Linux (Ubuntu, Kali), Windows
- **Networking & Security:** Network troubleshooting, packet analysis, TCP/IP, IDS/IPS (Snort, Suricata), Wireshark, Firewall Fundamentals, IDS/IPS Monitoring
- **Hardware & Systems:** Computer hardware assembly, hardware troubleshooting, system diagnostics
- **Cloud & Virtualization:** AWS Lambda, API Gateway, DynamoDB, IAM, AWS Cloud Practitioner, VirtualBox, GNS3
- **Programming & Scripting:** Python, JavaScript, SQL, C++, HTML, CSS, Powershell Fundamentals
- **IT Support:** Technical support, troubleshooting, issue resolution, system performance monitoring
- **Tools & Technologies:** Wireshark, PowerShell, Visual Studio, VS Code, Microsoft Teams, Hardware Troubleshooting

Projects & Technical Experience

Project Experience

AWS Serverless Web Application Project

AWS Lambda | API Gateway | DynamoDB | Amplify | Python | JavaScript

- Built and deployed a serverless cloud application using AWS Lambda, API Gateway, DynamoDB, and Amplify.
- Developed Lambda functions and REST APIs to retrieve and display structured DynamoDB data.
- Implemented IAM permissions and integrated frontend JavaScript with backend AWS services.
- Demonstrated hands-on experience with serverless architecture, cloud hosting, APIs, and NoSQL databases.

GitHub: github.com/jaxfelder04/jax-aws-project | **Live Demo:** main.d30flrmm5v3ymp.amplifyapp.com

Enterprise Active Directory Dashboard

HTML | CSS | JavaScript

- Developed an enterprise-style Active Directory administration dashboard simulating Windows Server user management.
- Implemented account creation, password reset simulation, account lockouts, security groups, and department management.
- Built dashboard analytics and search functionality supporting Help Desk and System Administration workflows.

IT Help Desk Ticketing System

HTML | CSS | JavaScript

- Developed a ticketing platform capable of creating, prioritizing, tracking, and resolving support requests.
- Implemented ticket lifecycle management including Open, In Progress, and Closed statuses.
- Built dashboard analytics, filtering, and search functionality to improve ticket management efficiency.

Intrusion Detection System Analysis (Snort vs Suricata)

- Performed network troubleshooting and packet analysis using Wireshark to identify abnormal traffic
- Configured and monitored IDS tools (Snort, Suricata) to detect network-based attacks
- Worked in Linux environments using command-line tools to analyze system performance
- Simulated cyber threats (port scans, suspicious traffic) and evaluated detection accuracy
- Analyzed packet data to identify anomalies and reduce false positives
- Presented technical findings, explaining complex cybersecurity concepts clearly

Work Experience

IT Intern | Versa Integrated Solutions - Beltsville, MD | 06/2024 - 08/2024

- Assisted with **IT infrastructure and technical system support**
- Gained hands-on experience with **databases, applications, and system troubleshooting**
- Supported technical operations and contributed to workflow improvements
- Earned AWS Cloud Practitioner certification

Fulfillment Expert | Target Corporation – Ellicott City, MD | 02/2024 - Current

- Performed problem-solving and troubleshooting to resolve operational and system issues
- Managed high-volume workflows (300+ transactions/day), ensuring data accuracy and system reliability
- Provided real-time support to team members, improving efficiency and reducing delays
- Maintained performance in a fast-paced, high-pressure environment

Inbound Receiver | Target Corporation - Ellicott City, MD | 06/2023 - Current

- Managed inventory systems and ensured accurate tracking of incoming shipments
- Identified and resolved discrepancies using **troubleshooting and attention to detail**
- Supported logistics operations handling **300+ packages daily**

Teacher's Assistant | Chapelgate Christian Academy - Marriottsville, MD | 09/2021 - 05/2022

- Assisted students with learning objectives through one-on-one and small-group tutoring
- Maintained a clean and organized classroom environment

Core Competencies

- Hardware Troubleshooting
- Network Troubleshooting
- Technical Support
- Incident Resolution
- Linux Command Line
- AWS Cloud Computing
- Packet Analysis
- Cybersecurity Monitoring

Additional Honors and Awards

- National Honor Society (NHS)
- National Society for High School Scholars (NSHSS)
- ACSI Leadership Conference Attendee
- The Prize Award for Athlete of the Class

Accomplishments

- Scored over 1,200 points in high school
- NCAA D3 Basketball Champion

- National Honor Society (NHS)
- National Society of High School Scholars (NSHSS)
- Dean's List
- Ethical Hacking Club at Stevenson University – took part in cybersecurity competitions
- Men's Basketball: Division III United East Conference Champions (2022–2023)
- Awards: All MIAA B Conference Team, All Howard County First Team, DMV Elite All-Maryland (Honorable Mention), Tournament MVP
- Career Stats: 1,238 points, 40% from three, 79% free throw
- Youth Basketball Coach: Derrick Lewis Camp (2022–Present) & Chapelgate Christian Academy (2021–2022)
